

The 17th edition of the **International Conference on e-Society** was held in Utrecht, The Netherlands, during **11 – 13 April, 2019**.

This conference was organized by the International Association for Development of the Information Society (IADIS) and co-organized by University of Applied Sciences.

This event focused on the main areas within Information Society. It covered both the technical as well as the non-technical aspects of the Information Society. The conference broad areas of interest were: e-Government / e-Governance, e-Business / e-Commerce, Technology and Society, e-Learning, New Media and E-Society, e-Health, Information Systems, and Information Management.

The e-Society 2019 had 174 submissions from more than 29 countries. Each submission was anonymously reviewed by an average of 4 independent reviewers, to ensure the final high standard of the accepted submissions. Out of the papers submitted, 32 received blind referee ratings that signified acceptability for publication as full papers (acceptance rate of 18%), while some others were published as short and reflection papers and posters.

Extended versions of the best papers were selected to be published in:

- ❖ the Interactive Technology and Smart Education (ITSE) journal (ISSN: 1741-5659)

- ❖ the IADIS International Journal on WWW/Internet (IJWI). ISSN: 1645-7641

In addition to the presentation of full, short and reflection papers and posters, the conference also included two keynote presentations by Professor Hajo Reijers (Department of Information and Computing Sciences of Utrecht University (UU), The Netherlands) and Associate Professor Pedro Isaías (The University of Queensland, Brisbane, Australia).

Keynote Presentation:

INFORMATION TECHNOLOGY ON THE WORK FLOOR: ADVANCES AND CHALLENGES

by Professor Hajo Reijers, Department of Information and Computing Sciences of Utrecht University (UU), The Netherlands

Keynote Presentation:

ACTIVE LEARNING IN HIGHER EDUCATION: DEFINITION, DESIGN AND EVALUATION

by Associate Professor Pedro Isaías, The University of Queensland, Brisbane, Australia

This conference presented once again a great opportunity to all their participants to discuss with success the most significant aspects regarding the theme e-Society. It served as a forum that gathered researchers, practitioners, students and anyone that was working or studying in the field of the Information Systems.

The e-Society Conference 2019 was published in hard copy (ISBN: 978-989-8533-85-2) by IADIS Press.
